

AK-SH1CT Series Smart CT Bulb

Over View

AK-SH1CT series smart CT bulb is one of the smart home products of ANYK Technology, Remote control for wireless control, achieve intelligent illumination lamps and lanterns, adjustable brightness, both energy saving and environmental protection. The design is fashion and elegant, can be a perfect blend of various decoration styles, working with our company's smart gateway, through special APP, it can control the light ON/OFF and adjust the brightness (CT) locally or remotely.

Appearance

Features

- ☑ The bulb mask is made from frosted thick glass, no clinkering, meanwhile ensure high efficiency of light transmittance, high temperature resistance, long lifespan, big beam angle, homogeneous soft light output.
- ☑ Adopt imported long lifetime SMD 5630 chips, lifespan can be up to 40,000 hours.
- ☑ Aluminum board. The greatest degree to solve the problem of the high power LED heat dissipation.
- ☑ Inner drive adopts imported IC constant-current drive, output voltage within 36V range, ensure safety.
- ☑ The lamp body is made of aluminum plastic forming, ensures the safety, as well as fills the requirement for high power LED heat dissipation.
- ☑ Equip with 26、E27 lamp holder, easy for replacement.
- ☑ Real-time checking via smart phone.

- Remote controllable, Wi-Fi enabled
- Linkage/ Timing ON/OFF

Specefiction

Type	AK-SH1CT7W/AK-SH1CT9W
Communication Protocol	Zigbee 1.2HA ,Zigbee Light Link
Power Consumption	7/9 W
Beam angle	270°
Color Temperature	2700-6500K
Dimming	ZLL
Lifespan	40,000 hours
Voltage Range	85~265VAC
Material/Finish	Plastic-clad aluminum
Operating Frequency	2405~2480MHz
Max Transmit Power	4dBm
Max Barrier Free Communication Distance	200m(out door)
Max Barrier Free Networking Distance	100m (out door)
Receiving Sensitivity	-97dBm
Operating Temperature	-20°C ~ +85°C

Dimension &Weight

AK-SH1CTSeries Smart CT Bulb	bulb
Dimension(recal * height/mm)	107*20
Weight (kg)	0.09

Order Information

Type	Description
AK-SH1CT7W	E26/E27 lamp holder, aluminum clad plastic shell, wireless communication control system, high brightness, frosted thick glass.
AK-SH1CT9W	E26/E27 lamp holder, aluminum clad plastic shell, wireless communication control system, high brightness, frosted thick glass.
